Town Warrant

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Greenfield in the County
of Hillsborough, in said State, qualified to vote in
Town Affairs:*

You are hereby notified to meet at Town Hall in said Greenfield on Tuesday, the 8th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Art. 3. To choose one or more and not exceeding three highway agents for the ensuing year.

Art. 4. To hear reports of the Selectmen, Road Agents, Treasurer, Overseer of the Poor, Library Trustees and other Town Officers and take any action relative thereto.

Art. 5. To see what sum of money the Town will vote to raise and appropriate for support of the Public Library, or take any action relative thereto.

Art. 6. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges, or take any action relative thereto.

Art. 7. To see what sum of money the Town will vote to raise and appropriate for Memorial Day or take any action relative thereto.

Art. 8. To see if the Town will vote to authorize the Selectmen to hire a sum of money to pay town debts or take any action relative thereto.

Art. 9. To see if the Town will vote to accept State Aid for construction of Class II road, known as Forest Road, raise and appropriate or set aside for said purpose the sum of \$1,000.00 against the State sum of \$3,000.00 or for Class V road calling for \$501.87 against the State sum of \$2,007.50, or take any action relative thereto.

Art. 10. To see if the Town will vote to throw up and discontinue the road from Frank Russell's house to the Francestown line.

Art. 11. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500) to be spent for the completion of new cemetery or take any action relative thereto.

Art. 12. To see if the Town will vote to raise and appropriate the sum of \$25.00 for the grading of graves in the Village Cemetery or take any action relative thereto.

Art. 13. To see if the Town will vote to raise and appropriate the sum of \$750.00 to put an annex on the back of the engine house to house tractor and snow plow or take any action relative thereto.

Art. 14. To see if the Town will vote to raise and appropriate the sum of \$110.00 to insulate the fire engine room or take any action relative thereto.

Art. 15. To see if the Town will vote to raise and appropriate the sum of four hundred fifty dollars (\$450) to make water holes for fire protection or take any action relative thereto.

Art. 16. To see if the Town will vote to build a suitable room for a kitchen in the Town Hall building, raise and appropriate money for the same, or take any action relative thereto.

Art. 17. To see if the Town will vote to raise and appropriate the sum of \$50.00 to the Monadnock Region Association of Scenic New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town, in cooperation with the other thirty-seven towns in the Monadnock Region.

Art. 18. To see if the town will vote to raise and appropriate the sum of twenty-five dollars (\$25.00) for the celebration of the anniversary of the ratification of the federal constitution by the state, June 21, 1938, said sum to be expended under the direction of the selectmen.

Art. 19. To see what action the Town will take in regard to real estate taken over by the town for non-payment of taxes or take any action relative thereto.

Art. 20. To see if the Town will vote to accept the sum of \$50.00 from the estate of Bertha M. Dodge, as a Trust Fund. The interest thereon to be used for the care and upkeep of the Levi Dodge lot in Greenvale Cemetery, or take any action relative thereto.

Art. 21. To see if the Town will raise and appropriate a sum of money to widen four (4) culverts to be named at Town Meeting, or take any action relative thereto.

Art. 22. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 18th day of February, in the year of our Lord nineteen hundred and thirty-eight.

SCHOOL BOARD'S ESTIMATE OF DEFICIENCY FOR 1937-1938

One year ago the School Board's estimate of money needed for the school year 1937-1938 was \$5,582.00. It was estimated that there would be a balance of \$500 from the preceding year, so \$5,082 was listed as the assessment required. At the March meeting this amount was cut \$1,000.

The balance July 1, 1937 was \$113.02 with \$461.00 due on previous appropriations and \$305.14 due in dog taxes, making a total of \$4,961.16 available. Expenditures are now estimated at \$5,456.00, leaving an estimated deficit of \$494.84. We are therefore recommending a deficiency appropriation of \$500 to balance the budget of the current year.

SUPERINTENDENT'S REPORT

TO THE SCHOOL BOARD AND CITIZENS OF GREENFIELD:

I respectfully submit my fourth annual report as Superintendent of Schools.

SUPERVISION

Without reducing any of the usual routine activities of supervision discussed in previous reports, I am attempting this year to give particular emphasis to reading. This emphasis is being directed along two lines,—first, with the reading activities of the child's first year in school, in an effort to reduce the number of failures; and second, in grades above the first, to overcome the difficulties some children have in reading, by diagnosing their troubles and providing some degree of remedial instruction.

Recent years have brought many changes in the theory and practice of teaching beginners to read. The results of scientific investigation have given us a clearer understanding of the way children learn. The process of learning to read is made up of five rather clearly defined stages of development. In each of these stages very definite aims have been set up and until the child has attained certain standards of achievement in the first stage, we cannot expect him to go on successfully in the next stage.

We call the first of these five the "Preparatory Stage." Children enter first grade with varying degrees of readiness and the first task of the teacher is to discover the degree of readiness of each child and to provide experiences which will supplement those the children have already had in the home and community, in order to bring about as rapidly as possible certain physical, social, and emotional adjustments, and supply a background of ideas and a freedom in conversation which will enable the children to enter the second stage of reading on as nearly an equal basis as may be possible. However, it is obvious that not all children will be ready for the second and succeeding stages at the same time, and our greatest administrative problem is to so organize the work that each child may be able to progress at his own best rate.

The second stage of development in reading includes the pre-primer period, when the child becomes able to read simple sentence units; the primer period, where he learns to read units of two or more sentences fluently and understandingly; and the first reader period when he learns to read simple material quite independently, becomes absorbed in getting the meaning, and enjoys reading by himself. This is ordinarily the extent of a child's progress during the first year in school, but there are always some children who have completed these two stages before the end of the first year, and others who need more than one year to accomplish it successfully.

We are attempting this year to send reports of progress to parents in forms that indicate quite minutely to what degree the child has met the standards set up for each period of learning to read, believing that the parent should know as intimately as possible the progress made by his own child.

The work in remedial reading in the upper grades has not yet been so definitely organized as I have just described for the first grade. Progress has been made, however, and all of the teachers are giving special study to methods of remedial reading, some of the necessary testing has been done, and some remedial teaching is being done. A more complete report of this work will be given next year.

STATE AID

Since Greenfield is not at present receiving state aid because of unexpended balances of state aid money previously received, a brief explanation of the way state aid is administered may be of interest.

In principle, when the amount of a tax of five dollars per thousand dollars of equalized valuation is insufficient to maintain the required elementary schools, the balance of money needed is supplied by the state board from money appropriated by the legislature for that purpose. This balance of money needed is commonly called "state aid."

Each October the School Board submits a budget of the proposed expenditures for the current year to the State Board of Education for approval. The State Board determines the approved expenditures item by item and the total amount. The amount of the five-dollar tax for that year is deducted from the total approved expenditures, thus determining the amount of state aid to be allotted, but this allotment is not paid to the school district until the succeeding year.

Because the state aid check received each year is based upon the approved expenditures of the preceding year, it is sometimes more and sometimes less than is required for the school year in which it is received, and the amount of the difference is determined by the state board and reported to the school board at the same time that the report on the current year's approved budget is made.

Applying these principles in the case of Greenfield, the following facts appear:

1933-1934:	
Estimate of expenditures approved for	\$3,812 52
Five-dollar tax	3,271 38
	<hr/>
State aid allotment (for 1934-1935)	\$541 14

Actual approved expenditures		\$3,800 90
Five-dollar tax	\$3,271 38	
State aid received, as determined preceding year	390 92	
	<hr/>	\$3,662 30

Balance due Greenfield
(This balance was paid in 1934-1935) \$138 60

1934-1935:

Estimate of expenditures approved for		\$3,947 32
Five-dollar tax		3,343 17
	<hr/>	

State aid allotment (for 1935-1936)		\$604 15
Actual approved expenditures		\$3,901 06
Five-dollar tax	\$3,271 38	
Elementary tuition	12 00	
State aid received	541 14	
	<hr/>	\$3,824 52

Balance due Greenfield (Paid in 1935-1936) \$76 54

1935-1936:

Estimate of expenditures approved for		\$3,570 90
Five-dollar tax		3,343 17
	<hr/>	

State aid allotment (for 1936-1937)		\$227 73
Actual approved expenditures		\$3,565 67
Five-dollar tax	\$3,343 17	
State aid received	604 15	
	<hr/>	\$3,947 32

Balance due state board \$381 65
(Notice that the state aid allotment was determined on the basis of estimated approved expenditures of \$3,947.32, and the actual approved expenditures amounted to \$3,565.67, which was \$381.65 less. This decrease was due to lower transportation cost.)

1936-1937:

Estimate of expenditures approved for		\$3,451 27
Five-dollar tax		3,338 54
	<hr/>	

State aid allotment (for 1937-1938)		\$112 73
(No payment was made)		
Actual approved expenditures for year		\$3,456 27
Five-dollar tax	\$3,343 17	
State aid received (corrected)	239 46	
	<hr/>	\$3,582 63

Balance due state board \$126 36

(Notice that again this year the actual expenditures were less than the estimate of the preceding year, due also to lower transportation cost.)

This increases the balance due the State Board, to \$508.01.

The estimated expenditures for the current year have been approved for \$3,562.75 and the five-dollar tax amounts to \$3,338.54 so that the state aid allotted is \$224.21. If actual expenditures this year are not less than the estimate, the balance due the state board will be reduced by the amount of this state aid allotment.

BUDGET FOR 1938-1939

The budget submitted for the next school year shows an increase of \$470.00 over last year's estimates. Transportation is costing approximately \$150 more than was estimated and will probably cost as much next year; high school tuition will cost more, because only three pupils are in high school graduating classes and the six members of our eighth grade hope to attend high school next year; and \$175 will be due on insurance next year.

The only income will be the dog tax which is estimated at \$150.

The entire budget has been studied carefully, and we believe this is the minimum amount with which the schools can be maintained at their present standards.

REPORT OF SCHOOL NURSE

The inspection of each pupil's scalp, hair, skin, teeth, throat and general hygiene, began with the opening of the school year.

The Growth and Weight Chart with the periodic weighing and height record furnishes incentive to practice rules which are simple but most important for health and normal growth.

Dr. N. F. Cheever examined the pupils in June and found defects as follows:

	No.
Pupils examined	61
Underweight 10%	8
Defective vision	3
Defective teeth	9
Diseased tonsils	4

Corrections

Defective vision	4
Diseased tonsils	6
Skin diseases	12

A school dental clinic was held in April. Dr. J. H. Grimes was the dentist.

Pupils treated	37
Cleanings	27
Temporary extractions	23
Permanent extractions	10
Amalgam fillings	29
Porcelain fillings	10

Cod Liver Oil was served in school for those who didn't have it at home.

First aid kits were refilled.

Visits made by the nurse were as follows: school 34, home 19, official 15, hospital 8 and welfare 4. Classroom inspections 18 and treatments in school 5. Three pupils were accompanied to Keene hospital for removal of the tonsils, and 1 for observation.

Days allotted as per schedule	16
Days worked by the nurse	21

I thank the superintendent of schools, members of the school board, teachers, parents, pupils and all others who helped to make the health work successful.
